(Start of Belt #17)

It is not my bill it's not for Omaha, it is for the state and it is for children. I think it is important that we put a whole year into this and I'd like to move that this bill be heard at this time, that the standing committee amendments be set aside and my amendments that would take out the fiscal cost for this year be adopted.

PRESIDENT: All right, Senator Stahmer, is asking unanimous consent to consider LB 403 on general file. Are there objections? Hearing none, so ordered. To the bill, the title has been read.

CLERK: LB 403 (Read) There are committee amendments Mr. President, which may even become the bill, signed by Senator Warner, chairman of the education committee.

PRESIDENT: All right, Senator Warner, do you want to handle the committee amendments? Senator Stahmer, will handle the committee amendments.

SENATOR STAHMER: Well, Mr. President, I'm moving the rejection of the committee amendments and the adoption of the amendment that I have now on the bill which takes out the fiscal costs of this year. It does not pose that much of a problem and the great impact of the bill can still be realized and it will not set aside any of our discussion on additional expenditure. So I move for the adoption of my amendment in lieu of the committee amendment.

PRESIDENT: All right, this is to reject the committee amendments. Is that correct Senator Stahmer? Motion is, it rejects the committee amendments and substitutes yours. All right, any further discussion? Question is, shall the amendments be rejected? All those in favor say aye, those opposed say no. So ordered. Now we'll move the bill.

SENATOR STAHMER: Now, Mr. President I move the bill as advanced, as amended be---excuse me, I now move that my amendments, is that what you need Vince? All right, I move the adoption of my amendments that now take out this fiscal cost in lieu of the committee amendments. Basically the same thing, you just take the cost out of it. I move the adoption of the amendments.

PRESIDENT: All those in favor of the Stahmer amendment which removes the fiscal cost. All those in favor say aye, those opposed say no. So ordered, the amendments are adopted.

SENATOR STAHMER: Now, Mr. President, I move the amendment be advanced as is now currently amended without this cost.

PRESIDENT: Motion now to advance LB 403 as amended. All those in favor of advancing the bill vote aye, all those opposed vote no. Thank-you. Clerk will record.

CLERK: Motion shut off.

PRESIDENT: Bill is advanced. Now Senator Warner, for what purpose do you rise?

SENATOR WARNER: Mr. President, Senator Schmit had to step out a second. While he is gone, I'm wondering if I could move LB 586? What this was, well I'll move to advance it and see what happens. What this was is a bill that was put in by miscellaneous subjects, just the other day and it was necessary for the voc-rehab., to make use of some federal funds under social security that the present law be amended that would permit that because the present statute is too restrictive relative to the title that of federal funds that
